

# HOMOEOPATHY IN MODERN ERA

**Dr. Hubert D'silva M.Sc, D.Hom.MS, BHMS**

In the time of Dr. Samuel Hahnemann, All we know that Homoeopathy was in a rudimentary stage. Now the scenario is completely changed. How we should look forward and what are the changes needed for the development of Homoeopathy is to be thinking off. First of all we should know that, even the name eg. Hemoglobin, one of the constituent of blood was not originated at the time of Dr. Samuel Hahnemann. As like all medical terms which are using now in this Modern World were not existed during the time of Dr. Samuel Hahnemann. These were all the condition of all medical systems including our so called Modern Medicine. But all the developments came after 1985 onwards. We can see that these are all due to the developments in the field of fast developing Engineering and Technological advancement. Computerization changed all worlds; computerization helped a lot of us Homoeopaths in case taking and repertorisation. Now we can easily trace out cases and remedies and make its references.

The developments in Science and Technology widely used in the field of Medical Science. Now all medical systems using the fruits of Science & Technology. We may always wonder during the time of Dr. Samuel Hahnemann how he recorded and documented all these signs and symptoms of drug proving in various Individual constitutions, sex, age differences. Even in that primitive age how they had written with their own hands, and copied so many books. We know that during their time no pen, no pencil, and even paper at all. So a BIG salute The Father of Homoeopathy Dr. Samuel Hahnemann.

Coming to Homoeopathic Medical field, I always wonder the discovery of Potentised Homoeopathic Medicine and its Drug Proving in Healthy Human Beings. I think it was a special gift of God's revelation to Dr. Samuel Hahnemann, even till this time, the so called Modern scientists against, and questioning the Hidden Power of Potentised Homoeopathic Medicines. Now by the Grace of God that now we can see the Nano particles of the Homoeopathic Medicines. Now it is 100% proved that and anyone can see with his naked eye all potencies of homoeopathic medicines in all higher attenuations through Powerful Electronic Microscopes.

We all know that homoeopathic Medicines act very well in Human beings, Animals and Plants. Here also controversies. 1] Is there any drug substance in Homoeopathic Medicine 2] Homoeopathic medicine having only a placebo, effect, or a false belief and its Psychological Misconception. 3] A dilution of drug do not make any affect in the human body, or in animals and in plants. 4] Knowingly or unknowingly forgets the affects of Potentisation, The Cardinal Metaphysical truth of Dynamic Homoeopathic medicine.

I would like to explain the theory of Homoeopathic Medicine and Potentisation, using with the Modern Scientific Theories.

The **law of conservation of energy** states that **energy** can neither be created nor be destroyed only can convert from one form of energy to another. This means that a **system** always has the same amount of **energy**, unless it's added from the outside.

We all know , when we do a mother tincture by make a mixture of the drug in 1:9, Drug eg. Sulphuric Acid +: Neutral substance (Vehicle), alcohol we get a Mother tincture of strength 1, or call it as Sulphuric acid - Q

From this mother Tincture we prepare Homoeopathic medicines

While doing potentisation of Homoeopathic Medicine, we will make a mixture of Mother tincture+ Alcohol in 1 : 9 proportion, this is only a normal dilute solution. But when it is succused 10 times and jerked for 1 time it become a Homoeopathic Medicine of Strenth - 2x, call the medicine as Sulphuric Acid- 2X , here we ***Exert an External Energy*** into the solution to make the medicine,10 succusions and one jerk. According to the **law conservation of energy**, some energy will be induced there in the 2x potency. A friction power induced in the mixture. If we heat it, it may become another one. Here in this material solution we use **Friction Power** or in other words, Kinetic Energy that convert the whole material into a new one. In that Energy possessed material we can see that Kinetic energy turned into Potential Energy. This is the theory of manufacturing homoeopathic medicine. **Succession, Jerking, Maceration, Trichuration** is the power inducing processes using in drug dynamisation.

The first and foremost thing happening in homoeopathic medicine is during dynamisation to make higher potencies, every time the drug, and neutral vehicle undergo changes. The latest studies in Nano Technology states that, when going to higher level of potentisation Nano particles in the higher potencies will be more and increased in number in the prepared solution. Hahnemann did not know it. He named it as **Spiritual Dynamic Power**.

But when Dr.Hahnemann given it to healthy human beings for drug proving it produced so many disease symptoms manifestations he could see in each individual. So he diluted it and made drug proving. Now it is scientifically proved. Thanks to Nano Technology.

## About Drug content

When ever a Low potentised medicine mix with 9 times of alcohol, the whole lower potency medicine will mix with alcohol. Homoeopathic potentised medicine are quality medicines. It is Nano Medicine, so Material scientists should change their mind in thinking as the norms they are using in Research Methodology using in material drug study. Because it is not a **Quantity Medicine. Homoeopathic Medicine like fire. We cannot measure fire with Grams and Meters. Some of the foolish scientists till continuing the same thing and saying Homoeopathic Medicins are pllassibo, and water only.** A small spark of fire can burn and consume any amount of fuel. If it adds to fuel like vehicle the whole mixture will be charged. If again potentised by succession, and jerking the next potency will be charged more and more, that is why Dr.Samuel Hahnemann limited the number of succession and jerking in manufacturing of Homoeopathic Medicine.

If Homoeopathic medicine administered in Healthy Human beings it may produce **Mental, Physical and Spiritual disease symptoms.** Each medicine produces different, various sets of symptoms. It was all recorded by Dr. Samuel Hahnemann. In lower potencies a few symptoms may be manifested. But in **Higher Potencies Hundreds of Symptoms** may be produced. These are all recorded from **Dr. Samuel Hahnemann to his eminent followers. Dr. J.T. Kent, Dr. Allen, Dr. William Boericke** etc. And many Indian doctors are also proved and recorded Indian origin medicines. Materia Medica is a book of collection of Homoeopathic Medicines.

## Similia Similibus Curenter

**Similia Similibus Curenter.** This is the **Basic Principle of Homoeopathy.** Whenever a patient having a natural disease and a group symptoms, called it as Totality of symptoms, we can use a very similar Homoeopathic Medicine is to cure that disease. It should be **Similar and in Suitable Potency.** It may extinguish the

natural disease from the Individual. The most similar medicine is called **Similimum**.

Sometimes the Totality of symptoms cannot be satisfied by a single medicine, to make a full totality more than one medicine may be used, at a time or in various time schedules to get a speed cure or recovery. During the time of Dr. Samuel Hahnemann a very few number of medicines proved and recorded. Now there are thousands of medicines. So it was very difficult to find a **Similimum** from these thousands of medicines. But fortunately, with the help of **Homoeopathic Softwares** now we can filter and reach some similar medicines. So we can select from the totality of symptom, a similimum using Modern Homoeopathic Medical software.

From my experience I found that some complimentary , and follows well medicines combine together and make Mega Polycrests, Which may have wonderful effects in curing of Acute and Chronic diseases in very minute doses. By using Mega Polycrests we can make big big totalities. Clinically many doctors proved it. It is a new field of research. That means when if it administered in healthy Human Individuals it may produce such big totalities.

#### Types of Homoeopathic Medicines

- 1] We have very **Small Medicines** which produces, a very few symptoms,
- 2] **Polycrests** which produces a big group of symptoms, which is more used by experienced doctors.
- 3] **Mega Polycrests** which produces big big totalities it may be required for a speedy and permanent recovery, cure and restoration of health. Dr. Samuel Hahnemann started its experiments, but it is not completed. We should starts from there .....
